Dear Joe:

Please consider this letter a request to be heard on April 20, 2006 before the Board of County Commissioners on the City of Hialeah's application to extend the Urban Development Boundary. I will be in Tallahassee on business as President of the Florida League of Cities and the City of Hialeah on April 18, 2006 and depending on the circumstances, I may return on April 18 or April 19, 2006.

I intend to present the City's position regarding the application and would like to be available for the entire day when the application will be heard so that I can accommodate any last-minute scheduling issues that may arise among the County Commissioners.

I would also request that you consider the separate and distinct nature of the City's application since the City is the only governmental entity that is submitting an application in contrast to private property owners. I would hope that given the special nature of this application, which was a necessary second step after the County approval of the City annexation of three square miles, the City's application could be considered individually by separate resolution.

Sincerely,

Julio Robaina
